

The Mean Rat La Rata Malvada

The Mean Rat represents the careless individual about his personal hygiene, neglecting daily tooth brushing and flossing. To make things worse, the Mean Rat has bad diet habits, she eats candies, chocolates, and drinks soda in whatever quantity she feels like, whenever she wants to. As a result, her teeth have deteriorated, cavities have appeared and are the cause of pain and not being able to chew properly. Gingivitis makes her gums bleed and dental plaque is a source of bad breath. She suffers needlessly because her dental disaster could have been avoided altogether. Teethy Mouse and friends have beautiful smiles because they 'brush every day and keep sugars at bay'.

The Mean Rat did not have the opportunity to establish these good habits in her childhood. Stricken by poverty, she barely managed to survive in the adverse conditions she grew up. She literally had to fight for her life and now pays the consequences of the lack of prevention at an early age. *The Mean Rat was not born mean*, within her, there is a little girl frightened by the surrounding adverse circumstances. In spite of them, she found time to read and study, developing a taste and interest for knowledge, chemistry and alchemy.

It will be her son Junior, the one that will have the vision for the right direction to go and be the healing salve that will give her a chance to recover emotionally. Once again, **love will be the main force allowing good to prevail over evil and darkness.**
